

About the Friends

In 1958, a small group of East Grand Rapids residents organized the Friends of the EGR Library and mounted a campaign to bring the first library to our East Grand Rapids community.

From those roots, the Friends have continued to work through the decades to bring new and innovative resources and experiences to enrich our community through the library. With donations from members like you and dollars raised through our various fundraising events, we look to fund “the extras” above and beyond the library’s taxpayer-funded budget. By supporting things like adult and children’s programming, materials and supplies for community projects, and aesthetic and structural improvements, we’re making the EGR Library an even more enjoyable place to visit.

Your donations and gift of membership will ensure the EGR Library remains an exceptional community hub for all to experience.

Please enjoy this custom-illustrated poster highlighting several key areas the Friends have funded. Send your donation in the enclosed envelope or give online at:
